

AUTO MECHANICAL WORK

EXAMINATION SCHEME

There will be three papers, Papers 1, 2 and 3 all of which must be taken. Papers 1 and 2 shall be a composite paper to be taken at one sitting.

Paper 1: will consist of forty multiple-choice objective questions all of which are to

be answered in 45 minutes for 40 marks.

Paper 2: will consist of two sections, Sections A and B to be answered in 2 hours 15

minutes for 80 marks.

Section A: will consist of ten short-structured questions to be answered in

30 minutes for 20 marks.

Section B: will consist of five essay questions. Candidates will be

required to answer any four in 1 hour 45 minutes for 60 marks.

Paper 3: will be a practical test of 2 hours 30 minutes duration. It will consist of

two compulsory questions for 80 marks.

A list of materials shall be made available to schools not less than two weeks before the paper is taken for material procurement and relevant preparation.

(Alternative to Practical Test)

Alternatively, in the event that materials for the actual practical test cannot be acquired, the Council may consider testing theoretically, candidates' level of acquisition of the practical skills prescribed in the syllabus. For this alternative test, there will be two sets of compulsory questions to be answered in 1½ hours for 80 marks.

DETAILED SYLLABUS

S/NO.	TOPICS	NOTES
1	Workshop safety and regulations	 Define safety and regulation Causes of workshop accidents Accident prevention techniques and safety devices
2	Tools and equipment	 e.g. sand bucket, fire extinguishers,etc. Types and uses of tools e.g. marking, measuring, holding and cutting tools. Types and uses of equipment e.g. hand valve,grinding tooletc. maintenance of tools and equipment.

		- Types of motor vehicle chassis
		- Principal components, identification and functions
3	Vehicle layout	(e.g. engine, transmission system, chassis,etc)
		- Chassis maintenance.
		- Types of engine design.
		- Identification of main component of an engine.
		- Line diagram of multicylinder engine.
4	Automobile Engine	- Types of cylinder liners.
		- Two stroke and four stroke cycles.
		(spark ignition engine and compression ignition
		engine).
		- Advantages of four stroke cycle over two
		stroke cycle engine.
		- Engine maintenance and servicing.
		- Transmission system layout.
		- Types of drives.
		- Components of transmission system e.g
		clutch and gear boxe.t.c
5	Transmission system	- Operation of simple plate clutch.
		- Types and operation of gear box.
		- Introduction to automatic transmission system.
		- Conventional layout of transmission system.
		- Types and functions of suspension systems.
6	Suspension system	- Fault finding, maintenance and repair of suspension
		system.
G T T C	monyag	
S/NO.	TOPICS	NOTES
		- Components and functions of steering system.
7	Steering system	- Types of steering gearbox.
		- Manual steering fault and repairs
		- Operation of power assisted steering.
		- Steering geometry
		- Purpose and types of lubrication system.
		- Friction and its disadvantages.
8	Engine lubrication system	- Component part of lubrication system.
		- Quality and viscosity of lubricants.
		- Oil additive and its importance
		- Function and types of cooling system
9	Cooling system	- Components of water and air cooling systems.
		- Comparison of air and water cooling systems.
		- General layout and working principle of the fuel
	Fuels and combustion	supply system.
	1 3010 una comounton	1 Supply System.

10	(a) Fuel component system(b) Manifold and air cleaner	 Component parts and function of the fuel supply system. Types of carburetors, pumps and their maintenance Types and properties of fuel. Comparison of mechanical and electrical fuel pumps. Types, functions and maintenance of: Manifold Air cleaner Muffler
11	Braking system	 Concept of friction, operating principles and types of braking systems. Faults and maintenance of mechanical and hydraulically operated braking systems. Functions, advantages and disadvantages of antilock braking system (A.B.S). Layout of braking system.
12	Wheels and Tyres	 Types and functions of rims and tyres. Vulcanizing Stating regulation for tyre inter changing and pressure. Road wheels alignment and balancing.
S/NO	TOPICS	NOTE
13	Workshop management and enterprise	- Basic concept of: (i) management (ii) planning (iii) controlling (iv) staffing (v) directing
		 Managing resources Concept of authority and responsibilities in enterprising. Types of enterprise. Advantages and disadvantages of types of enterprise in automobile.

7. LIST OF FACILITIES AND MAJOR EQUIPMENT/MATERIALS REQUIRED:

ITEM NO.	EQUIPMENT	QUANTITY REQUIRED
1	Tool box with lock	5
2	Ball pein hammer	5
3	Hacksaws with extra blades	10
4	300 mm engineer's rule, socket, spanner sets, with ratchet and extension	10
5	6-32mm ring and flat spanners (combined)	5
6	Ring spanners (6-32mm)	5
7	Emery cloth (standard)	5
8	Plug spanners	5
9	Flat spanners (6-32mm)	10
10	Allen keys	5
11	Feeler gauges	5
12	Oil cans	5
13	Grease guns	3
14	Spark plug cleaners	2
15	Combination pliers	5
16	Long nose pliers	5
17	Wire cutter	5
	Measuring tools	
18	Tyre pressure gauges	5
19	Vernier caliper	5
20	Surface gauges	5
21	Surface plates	1
22	Vee blocks	6
23	Micrometer screw gauge	5
24	Dial gauge indicator with magnetic stand	2
	Machine tools	
25	Grinding machine with assorted wheels	1
26	Bench grinder with wheels	1
27	Valve grinding machine	1
	Joining Metals	
28	Blow lamps	3
29	Soldering iron	5
	Lubrication Bay/Tyre and Wheel Service	
30	Compressor (single phase motor driven type complete with spray gun, grease, hose)	1
31	Wheel balancing machine (rim 13 – 15)	1
32	Portable tyre inflator	1

33	Master vulcanizer	1
34	Tyre changer complete with bead breaker 1	
35	Tyre repair kit comprising rasp, scissors, tyre knife,	2 sets
	sticher, wire brush, etc	
36	Service station set of tool kit, plus special tools for	2 sets
	removal of oil filter	
37	Pipe wrench, clamp/vice	2 sets
38	Wheel alignment gauge	1 set
39	Clutch alignment jig	2
40	Injector test machine	1
41	Pullersof different sizes	2
42	Work bench with vices	2
43	Portable engine hoist	1
	General/Servicing and reconditioning	
44	Bottle jack (hydraulic) light and heavy	1
45	Used vehicle tyres	1
46	Trolley jacks	2
47	Timing light	1
48	Inspection pits	1
49	Compression gauge	2
50	Valve spring compressor (clamp)	2
51	Coil spring compressor (for suspension)	2
52	Torque wrench pre-set type	2
53	Torque wrench dial type	2
	Tools/Equipment	
54	Piston ring compressor expander	2
55	Axle stands	5
56	Diagnostic testing machine (exhaust gas analyzer)	1
	Other utilities	
57	Fire extinguisher	5
58	Sand buckets	5
59	Water buckets	5
60	Complete engine, gearbox and final drive	1
61	Workshop overalls	25
62	Complete vehicle engine (petrol) (chart)	1
63	Complete vehicle engine (diesel) (chart)	1
64	Complete vehicle and chart	1
